

## Main

Red Teaming, Training, Lectures, SeminarsOur training seminars are proven effective at delivering never-before achieved levels of familiarity with the mind, norms, mores, and thought processes of those who would do us harm. Over 2,000 DoD personnel have been trained using our methods. Now available to: Federal and local law enforcement agencies with extant and merging requirements to intimately understand the nation's national and homeland security threats. Corporations with requirements to understand global threat and stability environments. Private groups with an interest and desire to know. Offering proven "best practices" resources for "Red Cell" and "Red Team" support and development for the Department of Defense, with an emphasis on: Under Secretary of Defense for Intelligence mandated Joint Intelligence Operations Centers (JIOC) with existing and developing "Red Team" organizations All other United States Government agencies with extant and merging requirements to incorporate Red Cell, Red Teaming, and unconventional and alternative techniques into their analytical and operational planning practices.
